

WML Aquatics LLC

www.wmlaquatics.com

WML Aquatics LLC is proud to offer the newly updated American Red Cross Swimming and Water Safety program, which combines the best in swim instruction with an even stronger emphasis on drowning prevention and water safety . . . ideal for anyone who wants to enjoy the water safely, regardless of age or skill level.

Parent and Child Aquatics

Parents and children (6 months to about 3 years) learn together to increase a child's comfort level in the water and build a foundation of basic skills, such as arm and leg movements and breath control. The two levels are fun-filled and help introduce water safety concepts, encouraging a healthy recreational habit that your entire family can enjoy.

Preschool Aquatics

Throughout the three levels, preschool-age children (about ages 4–5) are taught basic aquatic safety and survival skills. They are also encouraged to gain greater independence and increase their comfort level in and around the water. Skills are age-appropriate, helping children achieve success on a regular basis and enjoy social interactions with other children. As in all Swimming and Water Safety courses, your child will always know that it's safety first.

Learn-to-Swim

Designed to help participants achieve maximum success, Learn-to-Swim courses are based on a logical, six-level progression that helps swimmers of all ages and varying abilities develop their water safety, survival and swim skills.

- Level 1 – Introduction to Water Skills
- Level 2 – Fundamental Aquatic Skills
- Level 3 – Stroke Development
- Level 4 – Stroke Improvement
- Level 5 – Stroke Refinement
- Level 6 – Swimming and Skill Proficiency
